Art of Dum is a celebration of India's timeless Dum technique–slow cooking in sealed vessels that transforms time into flavours.

Inspired by royal kitchens and the mastery of traditional Khansamas, our cuisine honours centuries-old wisdom while embracing modern elegance. From melt-in-the-mouth kebabs and fragrant biryanis to delicately spiced gravies and indulgent desserts, every dish is crafted to be rich, aromatic, and deeply satisfying.

Using the finest ingredients from Himalayan rice and hand-ground spices to ethically reared meats, Dum allows flavours to mature gently creating a dining experience where heritage, craftsmanship, and contemporary refinement come together seamlessly.
